

How to pay with

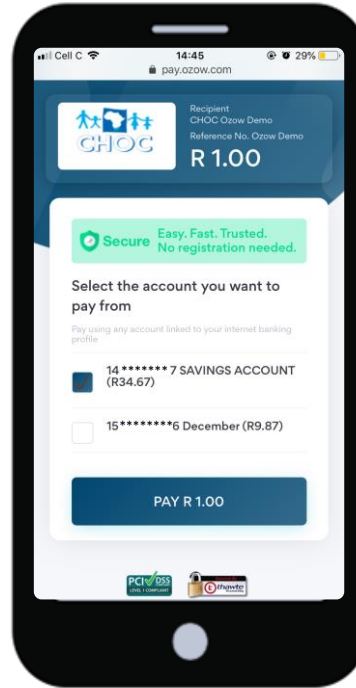

Step 1: Login

Enter the login credentials you currently use for your Capitec internet banking and click the blue “Login” button.

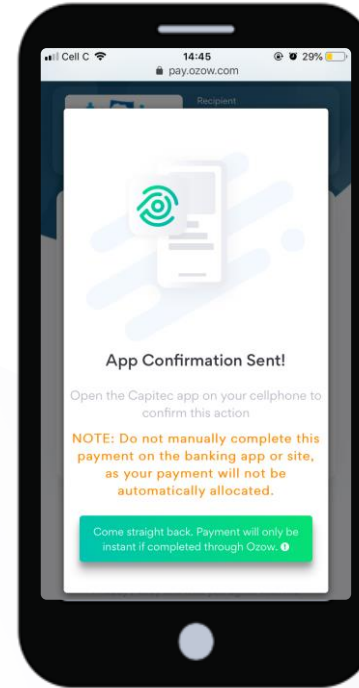

Step 2: Sign in via the app

If you have the Capitec app, you will then be asked to sign into Remote Banking via the app, then returning to Ozow payment screen. If the process times out, you can then generate a token in the app and enter it into the Ozow payment screen.

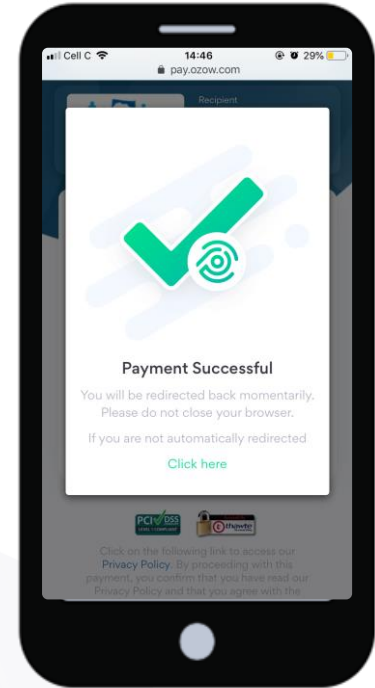

Step 3: Select Account

Select the account that you would like to pay from and click the blue “Pay” button. NB: This step will be skipped automatically if there is only one account linked with this banking profile.

Step 4: Confirm Payment

Capitec will then ask you to confirm payment. This can be done by approving the merchant as a beneficiary in the app, then returning to the Ozow payment screen. If the process times out, you can then generate a token in the app and enter it into the Ozow payment screen.

Step 5: Payment Successful
