

# How to pay with

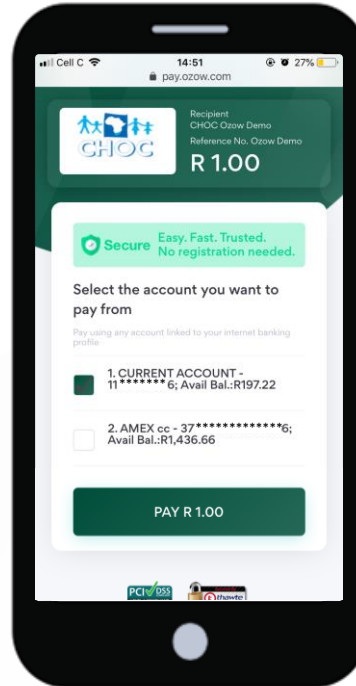

## Step 1: Login

Enter the login credentials you currently use for your Nedbank internet banking and click the green “Login” button.

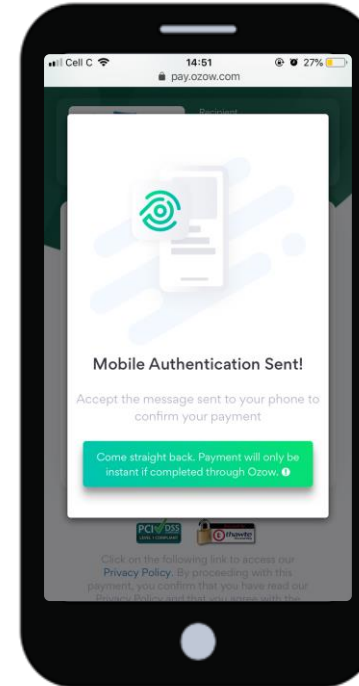

## Step 2: Authorise Transaction

Nedbank will then ask you to authorise the transaction. This can be done by accepting the Push Message sent to you and then returning to the Ozow payment screen. If the process times out, enter the reference number sent to you via SMS into the Ozow payment screen.

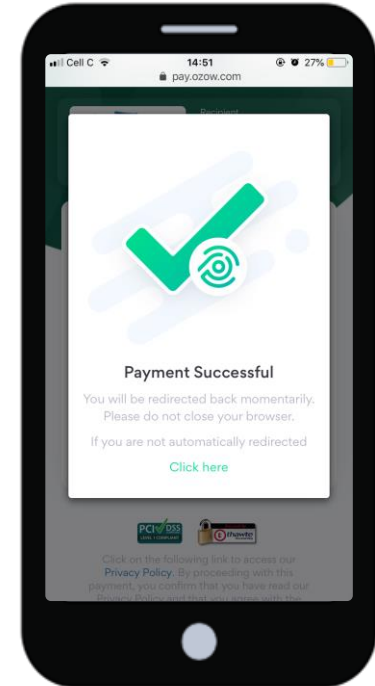

## Step 3: Select Account

Select the account that you would like to pay from and click the green “Pay” button. NB: This step will be skipped automatically if there is only one account linked with this banking profile.

## Step 4: Confirm Payment

Nedbank will then ask you to confirm payment. This can be done by accepting the Push Message sent to you and then returning to the Ozow payment screen. If the process times out, enter the OTP sent to you via SMS into the Ozow payment screen.

## Step 5: Payment Successful
